thereby securing faithful portraits and furnishing an unique and exquisite style of ornamentation of articles in domestic use.

In order to furnish facilities for the gratification of the popular taste, and to meet the wants of those patrons of the Fine Arts desirous of having Portraits on Porcelain, the Company have imported from Europe a collection of superior porcelain goods, manufactured to their own order, which they sell at cost prices.

As the American Company are owners of the patent right, and consequently the only persons authorized to use the process, they have determined, in order to afford People in every section of the Union an opportunity to possess Portraits on China, to make the following proposition to residents in the country, who are unable to visit personally the Atelier and Galleries in New York: Persons sending a photograph; ambrotype, or daguerreotype to the office of the Company in New York, accompanied by Five Potlars, will receive in return by express, free of other charge, a richly ornamented Breakfast Cup and caucer, with the portrait transferred thereon.

By transmitting a daguerreotype and the potlars, they will secure in like manner, a handsome French Vand or Toilet Article, with the portrait reproduced by the patented process.

By sending a pair of daguerreotypes and PIPTEES
